

Remote Access from On Campus: Windows 10

- 1) Go to the Start Menu | All apps | Windows Accessories and run Remote Desktop Connection.
- 2) To actually connect to the remote server, you must put in the proper name for the textbox entitled "Computer". Put the exact phrase "lcs-vc-ts-stu.ad.syr.edu" (without quotes). Hit Connect.

- 3) When asked if you trust this connection click Connect again.

4) Another window will be prompted, in which you must input your NetID and password. You can enter your email address for syr.edu (NetID@syr.edu) or you can type your NetID after typing AD\ (AD\NetID). Click OK.
