

How Do I find My SUID Number

Problem: Occasionally we get calls or email asking for the students SUID number. As an unwritten policy our department, ITS, never gives this information out in an email. When we are asked during a phone conversation we always verify the callers information in MySlice before giving out the SUID number.

Solution: There is a webpage on [Undergraduate Admissions](#) that will address this, so use it whenever you can.

Here is what the page looks like:

The screenshot shows the Syracuse University website with a dark header and footer. The header includes the university logo, navigation links (Directories, Site Map, Contact), and a search bar. The main content area features a left sidebar with a 'Future Students' menu and a central 'Request SUID' form. The form asks for the user's date of birth with dropdown menus for month and day, and a text input for the year. Below the form are 'Reset' and 'Submit' buttons. The footer contains contact information for the Office of Admissions and a secondary navigation menu.
