TurningPoint Student Response System - "Clickers"

Information for Fall 2018

- For Fall 2018 instructors are advised to update to the current version of TurningPoint 8. There are no procedural changes to the software, but important changes for stability. Click here for more information on checking your version and updating.
- TurningPoint accounts are created and accessed using Single Sign-On (SSO) with your SU NetID and password. Click here for current pricing and syllabus statements.
- Instructors using Turning Point should be sure to contact the SU Bookstore with the approximate number of students and the type of clicker you require.
