TurningPoint Student Response System - "Clickers"

Information for Fall 2018

- For Fall 2018 instructors are advised to update to the current version of TurningPoint 8. There are no procedural changes to the software, but important changes for stability. [Click here for more information on checking your version and updating.]
- TurningPoint accounts are created and accessed using Single Sign-On (SSO) with your SU NetID and password.
- [Click here for current pricing and syllabus statements.]
- Instructors using Turning Point should be sure to contact the SU Bookstore with the approximate number of students and the type of clicker you require.
