University Councils and Committees Home

This space was created as a platform for various councils and committees at Syracuse University to create and host pages specific to their groups. It may be helpful to the campus community that there be a public-facing page describing the council/committee's scope with sub-pages (either public-facing or restricted) containing more detailed information.

- Access and Inclusion Working Committee (AIWC)
- Educational Technologies Advisory Council (ETAC)
- Pronoun, Gender, and Preferred Name Advisory Council (PGPNAC)
