

Create/Launch Polling - Zoom Meetings

Creating a poll

Sign in to the Zoom web portal. Go to the Meetings page and click on your scheduled meeting. If you do not have a scheduled meeting, schedule a meeting now.

From the meeting management page, scroll to the bottom to find the Poll option. Click Add to begin creating the poll.

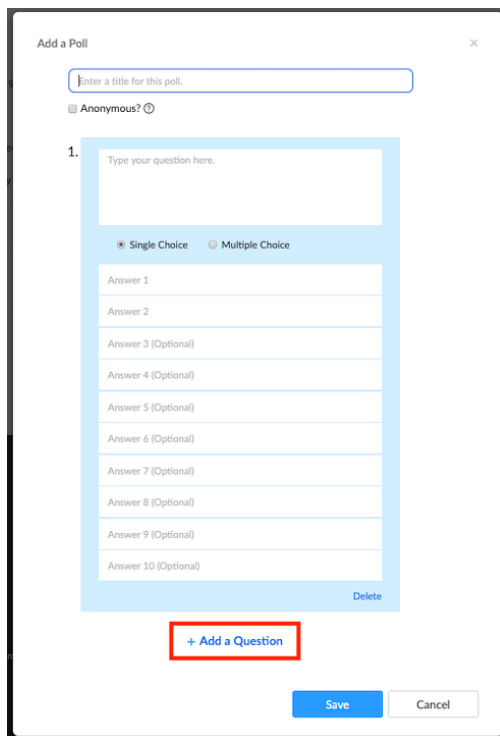

Enter a title and your first question.

(Optional) Check the box to make the poll anonymous, which will keep the participant's polling information anonymous in the meeting and in the reports.

Select whether you want the question to be a single choice (participants can only choose one answer) or multiple-choice questions (participants can choose multiple answers).

Type in the answers to your question and click Save at the bottom.

If you would like to add a new question, click Add a Question to create a new question for that particular poll.

A screenshot of the "Add a Poll" dialog box. At the top, there is a text input field for the title. Below it is a checkbox labeled "Anonymous?". The main area is for question creation, starting with "1. Type your question here." followed by a text input field. Below the question field are two radio buttons: "Single Choice" (selected) and "Multiple Choice". Underneath are ten input fields for answers, labeled "Answer 1" through "Answer 10 (Optional)". A "Delete" button is at the bottom right of the answer list. A red box highlights the "+ Add a Question" button. At the very bottom are "Save" and "Cancel" buttons.

You can add more polls by repeating Step 2.

You can also create a poll by clicking Polling during the meeting. This will open up your default web browser where you can add additional polls or questions.

Note: You can only create a max of 25 polls for a single meeting

Launching a poll

Start the scheduled Zoom meeting that has polling enabled.

Click Polls in the meeting controls.

Select the poll you would like to launch.

Click Launch Poll.

Polling 1: Polling Questions Edit

1.What is your favorite color?

Red

Green

Blue
