

Grades Introduction

Grades Introduction

Blackboard Ultra Navigation includes a new area called "Grade" in the main navigation menu which lets users view consolidated information about grades from all of their courses. Clicking from this area will take you to the relevant course for more detailed information.

Students

For students, grades for all of your course will appear including scores of items that have already been graded and due dates for upcoming assessments.

The screenshot shows the Blackboard Ultra interface for a student. On the left is a dark navigation menu with icons and labels for Calendar, Messages, Grades (highlighted with a purple box), Tools, Sign Out, Privacy, and Terms. The main content area is for the course 'sociology_101_sec04 Introduction to Sociology'. It features a 'Recent Grades' section with one entry: 'Test: Hummingbird trivia' submitted on 10/27/20 with a score of 0/155. Below this is a 'What's Next' section listing 'Midterm Test' (due 11/5/2) and 'Guest speaker review' (due 11/5/2). A 'View all work (2)' link is at the bottom right.

Instructors

For instructors, the interface will display the status of submissions and items to be graded.

The screenshot shows the Blackboard Ultra interface for an instructor. The navigation menu is the same as in the student view, with 'Grades' highlighted. The main content area is for the course 'ocean.org.101 Introduction to Oceanography', showing an overall grade of 66.82%. The 'Recent Grades' section lists several items: 'Week 2 Test - History of Ocean Science' (10 missing, 3 of 13 submitted, 4 to grad), 'Group Presentation Guidelines' (1 of 4 submitted, 1 to grad), 'Wave Assignment: Energy From Waves and Ti...' (5 of 13 participated, 4 to grad), 'Oceans in the News' (5 of 13 participated, 5 to grad), and 'Grease Ice, Sinking Water, Katabatic Wind...' (4 of 13 submitted, 3 to grad). A 'View all work (2)' link is at the bottom right.
