

Connect G: Drive and H: Drive from off-domain Mac computers

If you are off-campus, you will need to setup [VPN](#)

Access H: Drive

Navigate to <https://sura.syr.edu/Login.aspx> and login with your SU credential to find our your H: drive path

1. Copy the H: drive path with the Mac platform
2. Open Finder
3. Select "Go"
4. Select "Connect to Server"
5. Enter the path you copied from sura.syr.edu and select "Connect"

Access G: drive

1. Open Finder
2. Select "Go"
3. Select "Connect to Server"
4. Enter the following for server address <smb://shared.ad.syr.edu/drive/IST>
