Overview

The application can be shared by providing the link. This page provides the solution to share the application.

Difficulty Level

- Beginner

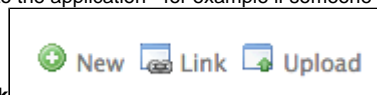

Solution

- To share the application, click on the Share tab in the Application window.

- Copy the link and paste in the dialogue to link to the application - for example if someone shares a new Application with you, you must first log

into its-forms.syr.edu and then click on the **Link**

icon and input the Application URL that was shared with you.
