

Creating Accessible Forms

Workshop

[Creating Accessible Forms \(Spring 2020\) \[PowerPoint with Notes\]](#)

Please note: This workshop instructs form creators how to make their forms accessible in various authoring tools. It is assumed that you already know how to create the forms.

- What makes a form accessible?
- How to test keyboard navigation
- Accessible Word, PDF, Excel forms
- Tips for Frevvo, Qualtrics, and WordPress
- HTML forms
- Using accessibility checkers for forms (WAVE, SiteImprove, etc.)
- Common accessibility errors with forms
