

Can't Pay for Deposit with Credit Card

Problem

While completing the Admissions Acceptance Form within MySlice, you want to pay for your deposit using a credit card. However, when you click on the link to pay by credit card, nothing seems to happen.

Solution

You need to enable pop-ups for myslice.syr.edu. The pay by credit card option will not work if you have pop-ups disabled for MySlice.

Please follow this link for [Enabling Pop-Ups](#) on whatever browser you are using.
