

# Syracuse University Mobile Decommission

The SU Mobile App has existed for 6 years beginning with a limited number of content and service modules which have expanded over time to include a suite of modules enhancing academics, transportation, news, events, student experience, and digital mapping for the Syracuse University Community. Given changing missions, priorities, and financial matters, at Syracuse University, and low usage, ITS has had to end licensing of the Syracuse Mobile App.

**The Syracuse Mobile App will be decommissioned, at the end of the current license period, on July 31, 2021. Contract term is 7/31/20 through 7/30/21.**

## Alternative Resources

Here is a list of resources used accessed via the mobile app (content channel) with alternative channel location(s). The alternative channel location(s) will allow you to continue accessing the resources after the mobile app has been decommissioned. Many of these alternative channel locations are currently active.
