Overview

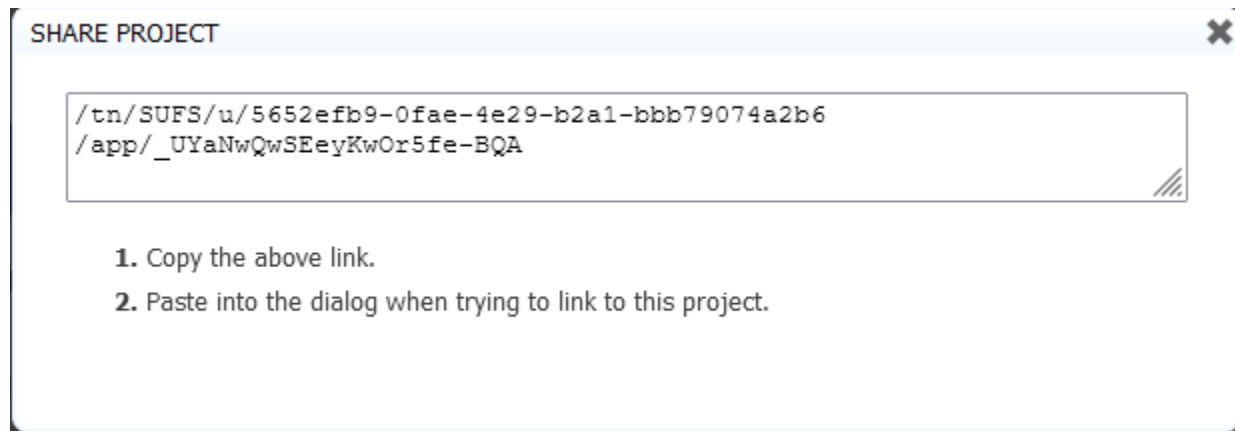

The project can be shared by providing the link. This page provides the solution to share the project.

Difficulty Level

- Beginner

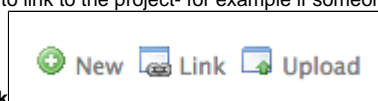

Solution

- To share the project, click on the Share tab in the Project window.

- Copy the link and paste in the dialogue to link to the project- for example if someone shares a new Project with you, you must first log into its-

forms.syr.edu and then click on the **Link**

icon and input the Application URL that was shared with you.
