 - [Search for the Textbook](#)

Topic Overview

This feature allows you to, on your course Information Page, showcase the textbook(s) you are requiring or recommending for your course. The student will be responsible for purchasing the physical or digital textbook, but this tool allows you to easily guide students to the correct book.

Steps

Manually Add the Textbook

1. Begin on a content area (such as Content or Information).
2. Select **Publisher Content** from the content menu, and click Manual Entry Textbook.

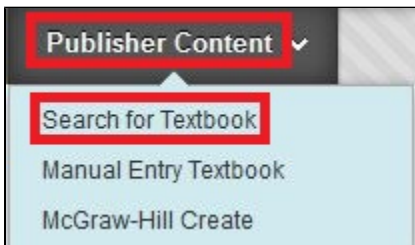

3. Enter **Textbook Information** and add an image of the book.

A screenshot of the 'Textbook Information' form. The form has a title '1. Textbook Information' in blue. Below the title, there are three input fields. The first field is labeled 'Type' and has a dropdown menu with 'Print' selected. The second field is labeled 'ISBN' and is an empty text box. The third field is labeled 'Title' with a star icon next to it and is also an empty text box.

4. Click **Submit** to Save.
5. The textbook information will appear as a content item.

Search for the Textbook

1. Begin on a content area.
2. Select **Publisher Content** from the content menu, and click Search for Textbook.

3. Enter search criteria and click **Go** to search.
4. Click **Select** when you have found the right book.

5. Mark as **Required** or **Recommended** (Required is the default).

Textbook in Course **Required** **Recommended**

6. Select any additional settings.
7. Click **Submit** to save.
8. The textbook information will appear as a content item.
