

Strasbourg Center & Music Performance (Conservatoire Strasbourg)

(Spring only) Advanced music students combine courses in English at the Syracuse Center with study at the Conservatoire National de Région de Strasbourg. The program is designed for students in the **fourth semester of a Bachelor of Music or B.A. in Music degree program**. At the Conservatoire, students take lessons on their principal instrument and may participate in an orchestra or ensemble group, with the opportunity to gain performance experience in Europe through end-of-semester concerts.
