

Resource Calendars

The iSchool Exchange Resource Calendars website is found here:

<http://calendars.ischool.syr.edu>

Handy for viewing classroom, conference room and event calendars.

You can (bookmark) jump to a specific calendar by passing some parameters on the query string, for example: <http://calendars.ischool.syr.edu/default.aspx?cal=e-class-rm-021-hh&view=0&date=9/1/2010>

- **date** - this allows you to display the calendar on a specific date. If you leave off a date, it assumes today's date.
- **view** - here, you specify the view as an integer where month=2 week=1 or day=0, If you leave off a view, it assumes a week view.
- **cal** - this specifies the calendar to view, using the AD account name. Each calendar has a corresponding MS exchange resource account. Here's the list of AD accounts / exchange resources used by the website:

For example to see what's going on in Katzer the current week, you would request:

<http://calendars.ischool.syr.edu/default.aspx?cal=e-collab-rm-347-hh&view=1>

or for a specific week, you would request:

<http://calendars.ischool.syr.edu/default.aspx?cal=e-collab-rm-347-hh&view=1&date=10/12/2010>
