

SOE Listservs

School of Education listservs are organized in a tree. Lists closer to the top of the tree include members of the lists directly below them. There is also a listserv outside of the tree structure for all full-time employees. You can email to any of these addresses and the address above would include the members of the addresses below it. Messages sent to any listserv will be first sent to the list moderator for approval.

This table lists the same SOE Faculty and Staff listservs as above in reverse of the tree structure, with a description of the membership of each listserv.

Note: If you are not a member of these below specific lists and need to send to them, you should email soehelp@syr.edu with the listserv name and reason you need to send to them so you can be added to the approved senders.
